Cross Sectional Shape:

Round

Outside Diameter:

0.750 inches

Exterior Color:

Black

End Application:

Skid-steer loader 6640e

Burst Test Pressure:

12000.0 pounds per square inch

Maximum Operating Pressure:

3000.0 pounds per square inch

Measuring Method And Length:

64.0 inches working

Product Name:

Hose charge inlet

Special Features:

Item has 1 straight swivel female connector and 1 37 degrees flared connector; threads 1 1/16-12

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
