Nonmetallic Tubing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-01-606-2495

Cross Sectional Shape:
Round
Inside Diameter:
0.750 inches
Outside Diameter:
0.968 inches
Inner Conveying Tube Style:
Plain
Exterior Color:
Clear
End Application:
Boat, rigid in
Burst Test Pressure:
250.0 pounds per square inch single response
Measuring Method And Length:
10.0 feet
Product Name:
All clear pvc tubing polyester reinforced (red-tracer)
Material:
Plastic
Media For Which Designed:
Water single response
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Fiig:
A54200
