Cross Sectional Shape:

Round

End Application:

3895-01-577-2425; paving machine, bituminous material

End Connection Design:

Straight 2nd end

Flow Angle:

90.0 degrees 1st end

Measuring Method And Length:

14.500 inches

Product Name:

Hose, hydraulic

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
