Cross Sectional Shape:

Round

Outside Diameter:

0.500 inches

Connection Style:

Swivel nut flare all ends

End Connection Design:

Straight 1st end

Connection Type:

Threaded internal tube all ends

Flow Angle:

90.0 degrees 2nd end

Measuring Method And Length:

13.0 inches working

Product Name:

Hose assembly, nonmetallic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
