Cross Sectional Shape:

Round

Inside Diameter:

0.117 inches

Outside Diameter:

0.1875 inches

Inner Conveying Tube Style:

Plain

Exterior Color:

Green

End Application:

Mrap buffalo

Measuring Method And Length:

1000.0 feet

Product Name:

Air brake tubing

Special Features:

Type a tubing; standards sae j844, sae j1131, sae j2492-3, dot-fmvss 106

Material:

Plastic polyamide

Media For Which Designed:

Air single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
