Cross Sectional Shape:

Round

End Application:

Shaft engine test instrumentation system

Connection Style:

Nut assembly with inverted flare and gasket all ends

Measuring Method And Length:

50.0 feet

Product Name:

Hose assembly, cdp p3

Media For Which Designed:

Air single response

Supplementary Features:

Item: test system a/e37t-24 and a/e32-16a, comp discharge press p3, pressure measurement, high-temperature

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
