Cross Sectional Shape:

Round

Inside Diameter:

0.438 inches

Outside Diameter:

0.710 inches

Inner Conveying Tube Style:

Plain

End Application:

6115-01-591-1161; generator, heat and air conditioner

Measuring Method And Length:

12.000 inches

Product Name:

Hose, fuel; sae 30r7

Special Features:

Oem magnum products; berlin wj; part number 50617

Media For Which Designed:

Fuel single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
