Cross Sectional Shape:

Round

Temperature Rating:

-40.0 degrees fahrenheit and 257.0 degrees fahrenheit single response

Exterior Color:

Black

Measuring Method And Length:

600.0 feet

Special Features:

Push-lok plus hose; 801 series; 1/4 inch i.D. Any colour; order by length required; working pressure 350 psi

Material:

Rubber

Media For Which Designed:

Oil and water single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
