Cross Sectional Shape:

Round

Inside Diameter:

1.5 inches

Outside Diameter:

2.250 inches

End Application:

5419-01-539-7178

End Connection Design:

Straight all ends

Measuring Method And Length:

294.0 inches excluding end fittings and 306.0 inches excluding end fittings

Special Features:

Proof test to 120 psi in accordance with astm d380

Media For Which Designed:

Water, drinking single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
