**Cross Sectional Shape:**

Round

**Outside Diameter:**

8.000 inches and 8.125 inches both ends

**End Application:**

Ducts, air

**Product Name:**

Duct elbow, air, round

**Special Features:**

Direction of elbow: right; degree of elbow: 90; permeability range: 40; color: midnight blue;

**Material:**

Plastic aramid all plies

**Specification Data:**

Mil-prf-32107 national std/spec and mil-prf-32107/3 national std/spec

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A229a0

**Mil-std (military Standard):**

Mil-prf-32107 spec.
