Cross Sectional Shape:

Round

Outside Diameter:

5.000 inches and 5.125 inches both ends

End Application:

Ducts, air

Product Name:

Duct elbow, air, round

Special Features:

Direction of elbow: left; degree of elbow: 90; permeability range: 25; color: midnight blue;

Material:

Plastic aramid all plies

Specification Data:

Mil-prf-32107 national std/spec and mil-prf-32107/3 national std/spec

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A229a0

Mil-std (military Standard):

Mil-prf-32107 spec.
