Cross Sectional Shape:

Round

Inside Diameter:

8.000 inches and 8.125 inches both ends

End Application:

Ducts, air

Product Name:

Adapter, air duct, round

Special Features:

Permeability range: 25; color: midnight blue;

Material:

Plastic aramid all plies

Specification Data:

Mil-prf-32107 professional/industrial association specification and mil-prf-32107/18 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A229a0

Mil-std (military Standard):

Mil-prf-32107 spec.
