**Cross Sectional Shape:**

Round

**End Application:**

E/i, k various

**Product Name:**

Hydraulic brake hose

**Special Features:**

18.0 inches ling with out fittings, 21.0 inches with fittings, fitting size: 1.88 inche, inside dia: 0.125, thread size: 0.375, threads per inch: 24

**Media For Which Designed:**

Hydraulic fluid single response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A541z0
