Cross Sectional Shape:

Round

End Application:

E/i, k various

Product Name:

Hydraulic brake hose

Special Features:

18.0 inches ling with out fittings, 21.0 inches with fittings, fitting size: 1.88 inche, inside dia: 0.125, thread size: 0.375, threads per inch: 24

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
