Leg Length:

2.290 inches and 2.310 inches 1st end

Connection Type:

Unthreaded internal tube 1st end

Flow Angle:

85.8 degrees

Tubing Wall Thickness For Which Designed:

0.034 inches 2nd end

Material:

Stainless steel

Material Specification:

Ams5556 assn standard single material response

Surface Treatment:

Passivate

Specification Data:

09523-es6-10 para3.3.6 manufacturers standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A080b0
