Overall Length:

1.250 inches

Outside Diameter:

0.750 inches

Thickness:

0.051 inches

Special Features:

Qring length 3/4in., 1-1/4in, -3/8in., +1/32in., -0in.; finish; annealed tubing, shall be bright annealed or acid cleaned after final annealing operations; testing shall be in accordance with astm b 135 and astm b 154

Material:

Copper alloy

Specification Data:

58536 a-a-55535 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506c0
