Inside Diameter:

Between 0.375 inches and 0.500 inches

Overall Width:

0.500 inches

End Application:

Navy weapon systems

Fastening Device Type:

Plain slotted head screw

Criticality Code Justification:

Feat

Special Features:

Weapon system essential

Material:

Steel comp 1010

Surface Treatment:

Zinc

Style Designator:

Band

Specification Or Standard:

B type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
