Overall Length:

1.746 inches

Quick Disconnect Method:

Spring push-lock

Quick Disconnect Size:

2.016 inches

Maximum Operating Temp:

232.0 degrees celsius

Material:

Aluminum alloy body

Material Specification:

Qq-a-225/6, t4 federal specification single material response body

Surface Treatment:

Anodize body

Surface Treatment Specification:

Mil-a-8625 military specification single treatment response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531v0

Mil-std (military Standard):

Mil-a-8625 spec.
