Wall Thickness:

0.010 inches

Casehardening Indicator:

Casehardened

Overall Length:

Any acceptable

Outside Diameter:

0.948 inches

Body Length:

0.105 inches

Metallic Hardness Rating:

Not rated

End Application:

Jun osprey class mhc

Seat Angle In Deg:

37.0

Hose/tube Outside Diameter For Which Designed:

0.750 inches

Special Features:

Not lox cleaned

Material:

Steel, corrosion resisting

Material:

Stainless steel

Style Designator:

Seal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T385-j
