Body Length:

Between 2.719 inches and 2.781 inches

Maximum Operating Pressure:

3000.0 pounds per square inch

Material:

Stainless steel screening

Media For Which Designed:

Fuel/oil, hydrocarbon

Surface Treatment:

Anodize body

Fsc Application Data:

Fuel system, engine, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
