Sediment Strainer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4730-00-555-1825

Body Length:
Between 2.719 inches and 2.781 inches
Maximum Operating Pressure:
3000.0 pounds per square inch
Material:
Stainless steel screening
Media For Which Designed:
Fuel/oil, hydrocarbon
Surface Treatment:
Anodize body
Fsc Application Data:
Fuel system, engine, aircraft
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A24000
