Overall Length:

1.950 inches

Quick Disconnect Method:

Push-pull

Quick Disconnect Size:

0.750 inches

Maximum Operating Pressure:

2000.0 pounds per square inch

Material:

Steel body

Material Specification:

Qq-s-t63, class 316 federal specification single material response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531v0
