**Inside Diameter:**

0.812 inches

**Overall Width:**

0.225 inches

**Fastening Device Type:**

Spring tension

**Material:**

Steel comp 1085

**Surface Treatment:**

Cadmium and enamel baked

**Style Designator:**

Wire

**Specification Data:**

81348-ww-c-440 government specification

**Specification Or Standard:**

E type

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A12700
