Inside Diameter:

0.812 inches

Overall Width:

0.225 inches

Fastening Device Type:

Spring tension

Material:

Steel comp 1085

Surface Treatment:

Cadmium and enamel baked

Style Designator:

Wire

Specification Data:

81348-ww-c-440 government specification

Specification Or Standard:

E type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A12700
