Inside Diameter:

Between 0.370 inches and 0.380 inches

Overall Width:

0.164 inches

End Application:

M915-A1-ARM-ORKI

Fastening Device Type:

Spring tension

Material:

Steel

Surface Treatment:

Zinc

Style Designator:

Wire

Specification Data:

81348-ww-c-440 government specification

Specification Or Standard:

1a table and e type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A12700
