Overall Length:

2.500 inches

Quick Disconnect Method:

Twist-lock

Quick Disconnect Size:

0.375 inches

Maximum Operating Temp:

135.0 degrees fahrenheit

Special Features:

operating temp for steam: minus 54.0 degrees f

Material:

Aluminum body

Media For Which Designed:

Water and steam

Surface Treatment:

Anodize body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531v0
