Overall Length:

1.060 inches

Quick Disconnect Method:

Push-pull

Quick Disconnect Size:

0.500 inches

Features Provided:

Self-sealing

Maximum Operating Pressure:

1750.0 pounds per square inch

Special Features:

W/ring on end of brass chain

Material:

Aluminum alloy body

Material Specification:

Qq-a-225/3, t3 federal specification single material response body

Surface Treatment:

Anodize body

Surface Treatment Specification:

Mil-a-8625 military specification single treatment response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531v0

Mil-std (military Standard):

Mil-a-8625 spec.
