Thread Direction:

Right-hand internal

Pipe Size For Which Designed:

1.500 inches

Connection Style:

Plain (optional end)

Thread Size:

1.500 inches internal

Special Features:

One -.562 in. Diameter by 1.000 in. Lg coupling pressed through center hole in top of cap, 1/8-27 npt internal thd both ends of coupling

Material:

Steel comp 304

Material Specification:

Qq-s-764 federal specification single material response

Style Designator:

Cap

Thread Series Designator:

Npt internal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A208a0
