Overall Length:

1.070 inches

Quick Disconnect Method:

Push-pull

Maximum Operating Temp:

275.0 degrees fahrenheit

Maximum Operating Pressure:

500.0 pounds per square inch

Material:

Steel body

Material Specification:

Qq-s-763 federal specification single material response body

Surface Treatment:

Passivate body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531v0
