Special Features:

1-2 in. Ips; 0.840 in. Od; 0.120 in. Wall thickness; 4.750 in length

Material:

Steel

Material Specification:

Astm-a335, f11 assn standard single material response

Reference Number Differentiating Characteristics:

Quality controlled in accordance with navsup control instructions for surf level 1 items

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
