Special Features:

3-4 in. lps; 1.050 in9 od; 0.120 in. wall thickness; 2 5-16 inch length

Material:

Steel

Material Specification:

Astm-a335, +11 assn standard single material response

Reference Number Differentiating Characteristics:

Quality controlled in accordance with navsup control instructions for surf level 1 items

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
