Nominallength:

3.375 inches

Special Features:

1 inch pipe size; 1.315 inch od; 0.120 inch wall thickness

Material:

Steel

Material Specification:

Astm-a335, +11 assn standard single material response

Reference Number Differentiating Characteristics:

Quality controlled in accordance with navsup control instructions for surf level 1 items

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
