Pipe Elbow - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4730-01-054-8964

Connection Type:
Butt weld pipe 1st end
Flow Angle:
45.0 degrees
Special Features:
0.750 inch, class 3000
Material:
Steel elbow
Material Specification:
Astm-a182 f11 cqcjjpab+1200.0 assn standard single material response elbow
Reference Number Differentiating Characteristics:
Quality controlled in accordance with navsup control instructions for surf level 1 items
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A080b0
