Second End Style Designator:

C9 external seat for gasket seal (boss)

Second End Thread Class:

3a

Second End Thread Direction:

Right-hand

Second End Thread Length:

Between 1.010 inches and 1.030 inches

Second End Thread Qty Per Inch (tpi):

14

Second End Thread Size:

0.875 inches

Second End Thread Series Designator:

Unjf

Material:

Steel

Material Specification:

Ams5643 assn standard single material response

Surface Treatment:

Cadmium and passivate

Surface Treatment Specification:

Qq-p-416, type 2, class 3 federal specification 1st treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A121a0
