Body Material:

Steel

Overall Height:

8.500 inches

Overall Outside Diameter:

7.000 inches

Inlet Connection Pipe Size:

0.750 inches

Outlet Connection Pipe Size:

0.250 inches

Float Material:

Steel, corrosion resisting

Maximum Operating Pressure:

300.0 pounds per square inch

Valve Material:

Brass and steel, corrosion resisting

Float Arm Material:

Steel, corrosion resisting

Inlet Connection Type And Quantity:

1 unthreaded internal pipe

Outlet Connection Type And Quantity:

1 unthreaded internal pipe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T359-a
