**Connection Style:**

Swivel nut, flareless (swivel nut attachment method optional) (tube) 1st end

**Connection Type:**

Unthreaded external hose 2nd end

**Thread Size:**

12.00 millimeters 1st end

**Flow Angle:**

45.0 degrees

**Inside Diameter Hose Accommodated:**

7.144 millimeters 2nd end

**Outside Diameter Tube Accommodated:**

7.938 millimeters 1st end

**Special Features:**

M12x1.0-6h thread

**Material:**

Titanium alloy elbow

**Material Specification:**

Ams4928 assn standard single material response nut

**Thread Series Designator:**

Iso m 1st end

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A080b0
