Tube To Hose Elbow - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4730-01-087-1283

# **Connection Style:**

Swivel nut, flareless (swivel nut attachment method optional) (tube) 1st end

# **Connection Type:**

Unthreaded external hose 2nd end

# Thread Size:

12.00 millimeters 1st end

# Flow Angle:

45.0 degrees

#### Inside Diameter Hose Accommodated:

7.144 millimeters 2nd end

# **Outside Diameter Tube Accommodated:**

7.938 millimeters 1st end

#### **Special Features:**

M12x1.0-6h thread

#### Material:

Titanium alloy elbow

# Material Specification:

Ams4928 assn standard single material response nut

# **Thread Series Designator:**

Iso m 1st end

# Shelf Life:

N/a

# Unit Of Measure:

---

# Demilitarization:

No

#### Fiig:

A080b0
