Body Length:

6.940 inches

Body Outside Diameter:

6.000 inches

Filtering Element Quantity:

1

Material:

Steel screening

Surface Treatment:

Zinc screening

Surface Treatment Specification:

Qq-z-325 federal specification single treatment response screening

Style Designator:

Suction type rounded end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
