Body Material:

Steel, corrosion resisting

Overall Length:

0.560 inches

Diameter:

0.187 inches

End Application:

F/a-18 aircraft

Design Type:

Straight

Screening Material:

Steel, corrosion resisting

End Connection Similarity:

Not identical

Strainer Type And Quantity:

2 screen

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T359-c
