General Description:

Corrosion resisting, passivate surface treatment material, 2.62 in. O/a lg, 1st end pipe 1.00 in. 11 1/2 thd per in. Anpt thd series, inlet 1st end 0.328 min 0.332 maximum diameter of inlet, 0.125 in nom thd size, 27 thd per in. Anpt thd series, outside shape hex, 1.375 width across flats, 2nd end has a 1.000 diameter hole flat bottom .50 in. Deep, inlet at 90 angle to flow d1a 1st end

Reference Number Differentiating Characteristics:

Item must be oxygen clean

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
