**Inside Diameter:**

2.750 inches

**Tempurature Rating:**

800.0 degrees fahrenheit

**Overall Width:**

0.750 inches

**Fastening Device Type:**

T-bolt

**Application/function:**

Used as loop clamp to support 2.750 o.D. Tube

**Special Features:**

T-bolt is 2.000 inches in length; 10-32unf-3a thread

**Material:**

Steel comp 301

**Style Designator:**

Band

**Supplementary Features:**

With two threaded lugs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A12700
