Inside Diameter:

3.250 inches

Tempurature Rating:

800.0 degrees fahrenheit

Overall Width:

0.750 inches

Fastening Device Type:

T-bolt

Application/function:

Used as loop clamp to support 3.250 o.D. Tube

Special Features:

T-bolt is 2.250 inches in length; 10-32unf-3a threads

Material:

Steel comp 301

Style Designator:

Band

Supplementary Features:

With two threaded lugs; 10-32nf-2a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
