Inside Diameter:

Between 0.551 inches and 0.573 inches

Overall Width:

1.062 inches

Fastening Device Type:

Spring tension

Material:

Stainless steel

Style Designator:

Wire

Specification Data:

81343-j536 professional/industrial association standard

Specification Or Standard:

5 table

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
