Thread Direction:

Right-hand

Mounting Type:

Outlet connection top

Body Diameter:

3.000 inches

Bodylength:

6.100 inches

Filtering Element Quantity:

1

Special Features:

Wire cloth filter - 100 mesh - stainless steel, passivated; flow rate - 20 gpm; nut, top and bottom plate are plated steel; magnetic permeability shall not exceed 2.0 after fabrication

Material:

Steel frame

Style Designator:

Sump type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
