Flange Diameter:

2.190 inches

Raised Face Diameter:

1.820 inches

Flange Section Style:

Raised face, welding neck

Special Features:

U/o b52h acft

Material:

Steel

Material Specification:

Qq-s-763, cond a, class 302 federal specification single material response

Style Designator:

Round, no bolt holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23300
