Wire Diameter:

0.016 inches

Mesh Size:

20.0

Filtering Media Design:

Mesh single filtering media response

First Intake Connection Type:

Threaded internal pipe head side

First Discharge Connection Relationship To Intake Connection:

Identical to first intake connection

First Intake Thread Series Designator:

Npt

First Intake Thread Size:

0.500 inches

First Intake Thread Direction:

Right-hand

Special Features:

840.0 micron rating

Material:

Steel comp 304 screening

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
