Body Material:

Steel, corrosion resisting

Overall Length:

0.560 inches

Diameter:

0.187 inches

Orifice Diameter:

0.028 inches

Design Type:

Straight

Screening Material:

Steel, corrosion resisting

Pressure Rating:

3000.0 pounds per square inch

Strainer Type And Quantity:

2 screen

Surface Treatment:

Passivated, mil-s-5002

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T359-c
