Body Outside Diameter:

86.00 millimeters

Body Height:

200.00 millimeters

Features Provided:

By-pass valve

Special Features:

Construction: stainless steel media 30% glass filled nylon head, zintec centre tube, epoxy adhesives

Material:

Stainless steel body

Surface Treatment:

Zinc filtering medium

Supplementary Features:

working temperature: 90c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
