**Body Outside Diameter:**

86.00 millimeters

**Body Height:**

200.00 millimeters

**Features Provided:**

By-pass valve

**Special Features:**

Construction: stainless steel media 30% glass filled nylon head, zintec centre tube, epoxy adhesives

**Material:**

Stainless steel body

**Surface Treatment:**

Zinc filtering medium

**Supplementary Features:**

working temperature: 90c

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24000
