Maximum Operating Temp:

165.0 degrees fahrenheit single response

Width:

1.000 inches all ends

Length:

3.000 inches all ends

Special Features:

Used on 105 and 102 bouyancy compensators

Material:

Copper alloy

Surface Treatment:

Nickel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
